Supporting Our Children

RECEIVED

NOV 13 2001

LEGISLATIVE REFERENCE LIBRARY
STATE OFFICE BUILDING
ST. PAUL, MN 55155

Dear Friends of Child Support:

This Performance Report now contains the two sections that were still being compiled when you received the initial mailing of this report. Those two sections were paternity establishment and current support due and disbursed.

I wanted to take this opportunity to let you know about changes in federal reporting requirements that impact the statistics presented in this Performance Report.

The first area I would like to discuss is paternity establishment. New federal reporting regulations require us to count only children that have not emancipated. This is a change from past performance reports. As you can see, the statistics have dropped since SFY97. This is due in part to the required omission of our emancipated children. In addition, there are tighter data element reporting requirements that must be met. For example, if a child's paternity was determined by court order, the paternity court order must be on PRISM. Also, if a child's paternity was determined through signing of a Recognition of Parentage, that document must also be recorded on PRISM. Again, this is a change in reporting requirements since SFY97. A clean up report was produced for counties last summer and the results of that effort are reflected in the SFY99 performance report. In addition, we have designed and produced a report that will assist counties in identifying cases where paternity has been established but one or more data elements are missing on PRISM.

The other area that has had a significant change is current support due and disbursed. The new federal reporting regulations require that the current support be disbursed. In other words, a check has to be issued, an EFT transaction completed, or a transfer of funds to the State for reimbursement of public assistance has to be completed for the disbursement to be counted.

Please take a few moments to review these new sections. Minnesota continues to remain a national leader in the collection of child support, due to your commitment and dedication to children and families.

Sincerely,

Laura Kadwell, Director
Child Support Enforcement Division
